1. Summary Information			
School	Rosslyn Park Primary and Nursery School		
Academic Year	2017/18	Total Sports Premium Budget	£20,970
Total number of Pupils	497 (Y1-Y6)	Number of pupils eligible for Sports Premium	497

Sport Provision and Physical Education at Rosslyn Park Primary and Nursery School
<p>High quality Physical Education (PE) is planned and delivered, as part of the National Curriculum, for all pupils for at least two hours per week. It includes gymnastics, games, dance, athletics and swimming. Through our PE and sport provision, the children develop physical literacy, self-confidence, teamwork and leadership skills and it is the foundation for an active lifestyle and competitive sport.</p> <p>Additionally we have a range of after school clubs offering physical activities. We have a football club and a team who play matches with school in our local area.</p> <p>For 2017/18 the school has received £20,970 PE and Sport Funding to improve the quality of PE, sport and physical activity for all pupils.</p> <p>We use this money to contribute to the employment of an Evolve Health Mentor full time. The Health Mentor, Mr Brown, supports teachers with, and models planned PE lessons for all year groups (1 to 6). Previously the school has invested in the REAL PE Programme, which Mr Brown is trained in, and so is able to support with its delivery. Mr Brown leads team games and sports activity at break and lunchtime and provides five after school clubs including the football club.</p>

2. Desired Outcomes (and how they will be measured)		
A	Develop teacher's skills further in the delivery of quality and developmental PE lessons.	All lessons observed will be considered to be good or better. Lessons will be planned according to the REAL PE Programme.
B	Provide break and lunchtime sports clubs to develop skills further, develop children's interest in sport, reduce behaviour issues and improve lunchtimes and break times for children.	Increase in the range of sports activities and skills taught including introducing new sports activities. The number of behaviour incidents at break times and lunchtimes will reduce.
C	Improve the school's after school sports offer.	Increase the number of PE/Sports clubs on offer after school and in turn increase the number of children attending at least one after school sports club per week.
D	Increase children's interest in and opportunity to participate in, inter school competitions and tournaments.	Take up opportunities from the Nottingham School Sport Competition and Festival offer. At least four opportunities taken up each term.

3. Planned expenditure					
Academic year	2017 - 18				
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff Lead	When will you review the implementation?
Quality of PE teaching and learning will be at least good or better.	Health Mentor, Danny Brown employed to support teachers with the delivery of PE including modelling lessons.	Mr Brown trained in REAL PE Programme that the school delivers. Provision of in house CPD of modelled lessons, team teaching and supporting with ideas and planning.	Observations Pupil discussions Feedback from staff	Health Mentor DHT PE Lead	Half Termly
Provide Break and Lunchtime sports/activity	Health Mentor, Danny Brown to lead sport activities at both break times and lunchtime.	Provide further opportunities for children to engage in sport outside of the 2 hours per week. Additionally children will be involved in purposeful activity during outside times, reducing behaviour incidents.	Observations Pupil discussions Analysis of behaviour data	Health Mentor DHT PE Lead AHT Behaviour	Monthly
Improve the school's afterschool sports offer and the number of children able to access at least one after school sports club.	Five additional after school sports/PE clubs on offer (including football club) to accommodate opportunity to develop sports skills further and team working.	Being a large school, and although we offer a varied after school club menu, five additional sports clubs enables a sport/PE opportunity after school for up to 75 children a week. These clubs are planned to accommodate all year groups and are changed each half term.	Observations Pupil feedback Parent/carer feedback	Health Mentor DHT PE Lead Extended Schools Coordinator	Half Termly
Increase the opportunity to participate in, inter school competitions and tournaments.	Danny Brown to identify and select a range of activities, particularly using the 'School Sport Nottingham' offer, ensuring that maximum	Opportunity to develop team skills, representing the school and experience 'competitive' sport. Review of Expenditure (School received £10.315 PE and Sport Funding in 2016 -17)				
Previous Academic year		2016-17		
Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost
Quality of PE teaching and learning will be at least good or better.	Health Mentor, Danny Brown employed initially for two days a week increasing to three days a week to support teachers with the delivery of PE including modelling lessons.	Mr Brown was able to support with a range of lessons across the school. An identified action for whole staff CPD was the training in using REAL PE in which Mr Brown was also trained.	Feedback from teaching staff was very positive in that they felt that Mr Brown's support had impacted on the development of their skills and ideas they could use. In 2017/18 as teachers are more familiar with REAL PE Mr	Total Cost: £17,000

			Brown's support can become more refined and even targeted.	
Provide Break and Lunchtime sports/activity	Health Mentor, Danny Brown to lead sport activities at both break times and lunchtime.	Behaviour incidents have decreased at break times and lunchtimes. There is a noticeable difference on the days that Mr Brown is not available. Mr Brown's activities are very popular and feedback from children is very positive.	In 2017/18 Mr Brown will be employed for five days a week and so we will be able to offer activities for all break times. As this is part of our reorganisation of lunchtimes, our provision will be reviewed for September 2017.	
Improve the school's afterschool sports offer and the number of children able to access at least one after school sports club.	Three additional after school sports/PE clubs on offer (including football club) to accommodate opportunity to develop sports skills further and team working.	We were able to offer a Y1/2, Y3/4 and a Y5/6 club each week. These are always popular and throughout the year have offered a range of team sports and physical activities. It has meant that 90 children from each pair of year groups (270 altogether) have had the opportunity for at least one physical after school club.	Again in 2017/18 we are going to be able to offer two further after school clubs each week. An issue that we have to address this year is ensuring that all children get the opportunity to attend and some 'targeted' children are enabled to attend.	
Increase the opportunity to participate in, inter school competitions and tournaments.	Danny Brown to identify and select a range of activities, particularly using the 'School Sport Nottingham' offer, ensuring that maximum number of children possible have access to these activities. School covered the cost of transport for these activities.	This was a successful element of our offer. Children were keen to take part and we were able to target children, particularly those who are showing particular skill and prowess. We were able to attend six events during the year. Particular success with Athletics, with children getting through to the second round, Girls cricketers were second in their tournament and boys fourth.	We intend to take up the 'school sport Nottingham' offer further, particularly taking up the team sports offer, athletics offer and the Girls in Sport activities to raise girl's interest and motivation for sport.	

4. Additional detail

In this section you can annex or refer to additional information which you have used to support the sections above.
